FOR THE CALEDONIAN.

In the North Star of last week it is stated that "the Passumpsic Bank, at St. Johnsbury, has been nationalized." This is quite brate their anniversary next Wednesday a mistake; it is not changed, neither is there any proposition before its stockholders involving a change. It is true a meeting of the stockholders has been called by a vote of the majority of the directors, to act upon the question whether they will close up the affairs of the bank "in viewlof the bank bill now pending in Congress." To adopt that measure will require a two-thirds vote of its thigh at one of the battles in the Wilderness stockholders, and it is not believed a vote of which proved mortal, he dying at the Metone half that number can be obtained. The ropolitan Hotel, New York, Sunday night, strek bank is doing as well now as it ever has. and as the law of Congress now stands can continue to do a satisfactory business, both his regiment to the lieut.-colonelcy, and after to the lieut.-colonelcy, and to the public and its stockholders.

If the action of Congress shall be such as into the national system, there can be no doubt our next legislature will pass an enabling act, by which our banks can change into the new system without loss to the died last Sunday in Hospital at Washington stockhelders or derangement to its business from wounds received in the late batchrelations, which must inevitably attend a His remains will be forwarded to his friend, scale shop, to be of brick, three stories high, closeing up of its concerns.
